Where: Page, United States

When: Apr 15, 2025 - Apr 15, 2026

Summary

The All Nations SDA Church in Page, Arizona would like to invite a couple or a family to join us as we seek to minister to the Navajo and Hopi Community in our area. We have a little garden/farm/orchard that has been developed over the years that has been used to draw mainly Navajo and Hopi Native Americans to our church. We are looking for someone who would like to use their agricultural and farming skills to find a way to win our neighbors to the Lord. We are a small church that is looking to grow. Page has a population of around 7,000 and is a high tourist area located on the border of the Navajo Nation. We haven't tried it yet but we are thinking the gardens can be connected to mental health counseling. Healing Gardens.

Duties

The basic duties include caring for about 30 fruit trees, cultivating plants in two little green houses, cultivating plants in shaded areas. Selling produce to the community. Selling seedlings to the community. We did have 50 chickens at one point and sold eggs to the community. We also had a few sheep that can be brought back. Maintaining a compost pile. Making sure plants are planted and harvested, and trees are watered, sprayed, and pruned regularly.

Duties can also include giving bible studies and helping in the church prayer meeting and Sabbath worship services.

The biggest help would be to help us try and figure out how to use the farm and gardens to bring people to the Lord. We have floated the idea of connecting counseling with working on the gardens as a way of healing. There is a high level of addictions, anxiety, depression, and PTSD in this area. A counseling ministry may be developed along side this agricultural ministry.

Experience

Someone or a couple that is experienced in farming would be helpful, but more importantly someone who is willing to learn and attempt to use agricultural ministry as a way of helping people heal and hopefully bringing them to Christ.
