Summary

If you are someone who is passionate about elementary education and helping a school grow, this is the opportunity for you! We are 4MACS, (Four Mile Adventist Christian School), and are located in Canon City, CO. Canon City is nestled along the Rocky Mountains. There is always lots of wildlife when driving around. We are a K-8th grade multigrade school. Currently, we have 11 students in six different grades and are expecting to grow. Our school has been in operation now for 101 years. The school is on the same campus as our church. We are located 2 hrs south of Denver, 1 hr south of Colorado Springs, so it's a great location to travel from on breaks and explore the West! The school itself has three classrooms and another room used for the cafeteria. The church has an indoor gym we use, along with a play ground and big field outside. Something special about our property is the creek we have in the back. Recently, we had a School Service Day and cleaned a lot of it out. We plan to use it this coming school year for educational purposes. You will be provided a private second-story garage studio apartment and a \$500 living allowance. You will need to provide your own every-day transportation. We are praying for just the right person to join our team next year and we hope it's you!
