

Travel Advisory

Cambodia

Level

1

Exercise normal precautions

Reissued with obsolete COVID-19 page links removed.

Exercise normal precautions in Cambodia. Some areas have increased risks. Read the entire Travel Advisory.

Exercise increased precautions in:

- Phnom Penh due to **crime**.
- Very remote areas of Battambang, Banteay Meanchey, Pursat, Siem Reap, Pailin, and Kampong Thom provinces due to **land mines**.

Read the [country information page](#) for additional information on travel to Cambodia.

If you decide to travel to Cambodia:

- Enroll in the [Smart Traveler Enrollment Program \(STEP\)](#) to receive Alerts and make it easier to locate you in an emergency.
- Follow the Department of State on [Facebook](#) and [Twitter](#).
- Review the [Country Security Report](#) for Cambodia.

• Visit the CDC page for the latest [Travel Health Information](#) related to your travel.

- Prepare a contingency plan for emergency situations. Review the [Traveler's Checklist](#).

Phnom Penh – Level 2: Exercise Increased Caution

Street crime, particularly phone and bag snatchings, occurs frequently in areas where foreigners gather; resistance can result in injury. Be aware of your surroundings at all times and to be extra vigilant when displaying items like jewelry, bags and cell phones in public. Violent crime, such as sexual assault and homicide, is common, sometimes against foreigners.

Do not physically resist any robbery attempt. Use caution when walking or driving at night.

Battambang, Banteay Meanchey, Pursat, Siem Reap, Pailin, and Kampong Thom provinces – Level 2: Exercise Increased Caution

Land mines and unexploded ordnance are found in very remote areas throughout Cambodia, and especially in Battambang, Banteay Meanchey, Pursat, Siem Reap, Pailin, and Kampong Thom provinces.

Do not touch unknown metal objects; instead notify the Cambodia Mine Action Center at 012-800-473/023-995-437. Use a local guide when walking in forested areas or dry rice paddies in these areas.
