

Adventists To Asia

Purpose : Children's Ministry / VBS, Other
(English and Korean School)

When: Jul 2 - Aug 2, 2025

Summary

The Purpose and Vision of ATA Mission

ATA (Adventist to Asia) is a mission initiative with the purpose of providing ongoing support to mission fields, tailored to each missionary's unique gifts and abilities. By embracing the diverse strengths and characteristics of our missionaries, we seek to share and demonstrate the love of God to local communities and individuals in Asia.

In Korea, we are working in collaboration with Sahmyook Health University and Sahmyook Language Institute to train and equip missionaries. Through this partnership, we aim to help them fully develop and utilize their abilities so they can serve effectively in their respective mission fields.

Additionally, in cooperation with ADRA Korea, we are preparing missionaries not only in skills but also in spirit—helping them cultivate a true missionary mindset and embrace the Seventh-day Adventist Church's commitment to social service and responsibility.

In Cambodia, we are working in partnership with the Essential Life Center (ELC) to support both the local community and the various initiatives of ELC.

Through these efforts, we strive to raise missionaries who live out God's love both in word and in action.

Travel Advisory

South Korea

1 Exercise normal precautions

Reissued with obsolete COVID-19 page links removed.

Exercise normal precautions in South Korea.

Read the [country information page](#) for additional information on travel to South Korea.

If you decide to travel to South Korea:

- Enroll in the [Smart Traveler Enrollment Program \(STEP\)](#) to receive Alerts and make it easier to locate you in an emergency.
- Follow the Department of State on [Facebook](#) and [Twitter](#).
- Review the [Country Security Report](#) for South Korea.
- Visit the CDC page for the latest [Travel Health Information](#) related to your travel.
- Prepare a contingency plan for emergency situations. Review the [Traveler's Checklist](#).

Cambodia

1 Exercise normal precautions

Reissued with obsolete COVID-19 page links removed.

Exercise normal precautions in Cambodia. Some areas have increased risks. Read the entire Travel Advisory.

Exercise increased precautions in:

- Phnom Penh due to **crime**.
- Very remote areas of Battambang, Banteay Meanchey, Pursat, Siem Reap, Pailin, and Kampong Thom provinces due to **land mines**.

Read the [country information page](#) for additional information on travel to Cambodia.

Phnom Penh – Level 2: Exercise Increased Caution

Street crime, particularly phone and bag snatchings, occurs frequently in areas where foreigners gather; resistance can result in injury. Be aware of your surroundings at all times and to be extra vigilant when displaying items like jewelry, bags and cell phones in public. Violent crime, such as sexual assault and homicide, is common, sometimes against foreigners.

Do not physically resist any robbery attempt. Use caution when walking or driving at night.

Battambang, Banteay Meanchey, Pursat, Siem Reap, Pailin, and Kampong Thom provinces – Level 2: Exercise Increased Caution

Land mines and unexploded ordnance are found in very remote areas throughout Cambodia, and especially in Battambang, Banteay Meanchey, Pursat, Siem Reap, Pailin, and Kampong Thom provinces.

Do not touch unknown metal objects; instead notify the Cambodia Mine Action Center at 012-800-473/023-995-437. Use a local guide when walking in forested areas or dry rice paddies in these areas.
