

# Botswana 2026 - Quiet Hour Ministries

Purpose : Children's Ministry / VBS, Community Service, Evangelism, Medical / Health Education

When: Jun 15 - 29, 2026

## Summary

This unique mission is a high energy adventure for young adults age 18 to 35. The team will work alongside local young people to increase the presence and impact of the Adventist Church at five sites in Maun. You will create memories and friendships that can last an eternity.

Located along the Thamalakane River, Maun has grown rapidly from a rural cattle ranching town into the second-largest village in Botswana. Among the modern stores and safari operations, you will see local entrepreneurs selling from carts along with wild donkeys and goats that roam freely on the streets.

Day assignments include helping at health clinics, and visiting in the various neighborhoods along with the gospel workers who have started Bible studies in advance of our meetings. In the evenings, we will present the *My Friend Jesus* sermon series and the *Friendship Hour* children's program. It is always rewarding to see the people we first meet at a clinic come to the nightly meetings and perhaps make a life-altering decision for Christ.

Join this mission to see how God can work through you to share His saving grace.
