Yala, Pattani, Narathiwat, and Songkhla Provinces – Level 3: Reconsider Travel

Periodic violence directed mostly at Thai government interests by a domestic insurgency continues to affect security in the southernmost provinces of Yala, Pattani, Narathiwat, and Songkhla. In Songkhla, the insurgency is most active in the districts of Chana, Thepha, Nathawat, and Saba Yoi. U.S. citizens are at risk of death or injury due to the possibility of indiscriminate attacks in public places.

The U.S. government has limited ability to provide emergency services to U.S. citizens in these provinces as U.S. government employees must obtain special authorization to travel to these provinces.
